BOOZE RUNNERS ON RIO GRANDE

By Associated Press.
EL PASO, Tex., Aug. 28.—Although many arrests have been made by customs officials, liquor smuggling has become so general on this part of the border that United States government officials have announced an investigation will be made to ascertain whether any American officers have been implicated in the bringing of intoxicants from Mexico. Recently two Mexicans were shot and killed while bringing to the heart of the residential district two barrels of whiskey. Americans and Mexicans who formerly smuggled ammunition and opium are reported to have turned their attention to the contraband liquor traffic. Quantities of whiskey, exported to Mexico when prohibition became effective, are being brought back into El Paso, it is said, and sold as high as \$15 a quart.

EXTEND CREDIT TO BELGIUM

By Associated Press.
BRUSSELS, Aug. 28.—Several American and English houses have arranged to give credits for three years to Belgian buyers, who, now that industries are beginning to work again, are in need of a great variety of raw materials and many manufactured articles. The minister of economics has prepared a report in which are listed the materials wanted. They include materials for lining coal mine shafts, cables, and machines used in coal mining, steel and galvanized wire, sulphuric acid, heavy tar oil and special coal for coke to be used in coke ovens; iron ore and tools for blast furnaces and rolling mills, flax for textile industries, sulphate of soda for glass works, hides of a quality not found in Belgium for tanneries, pulp, spruce and Norway pine for paper mills.

ANOTHER TEN POUNDER ARRIVES IN TONOPAH

Carl Christensen is the second Carl within a week to help the census roll of Tonopah by adding another whopping big ten-pound boy to the population. Mrs. Christensen and baby are doing well and it is believed there is hope of the father surviving.

PACIFIC SHIPS SOLD OUT TO END OF YEAR

By Associated Press.
SAN FRANCISCO, Aug. 28.—Because several scores of Honolulu school teachers, vacating in the United States have found it impossible to obtain accommodation on vessels which would return them to Hawaii in time for the regular opening of the school term, September 15, the schools will remain closed until September 22.

Mason Navigation company officials, in announcing the receipt of advice to this effect, said a number of teachers had obtained passage on army transports.

Passenger lists of all trans-Pacific lines are booked full to the end of the year. Officials of steamship lines have reported some companies which ordinarily carry few passengers, have added to their accommodations, and the Tokyo-Kobe-Kanaka Oriental Steamship company recently inaugurated a direct run from San Francisco to Yokohama, eliminating stops at Honolulu and Chinese ports in order to handle more traffic to and from Japan.

The company is expected to continue until more ships are turned back by the United States Shipping Board of Pacific routes. Little relief is anticipated before the first of next year.

SUED FOR WATER MINE COMPANY

The water company of Tonopah has filed suit in the United States district court against the Tonopah Extension Mining company asking for judgment against that company for the sum of \$188,270.50 as compensation for 125,192,438 gallons of water alleged to have been taken clandestinely from the service mains of the water company during a period extending from January 1, 1913 to August 1, 1919. Deputy United States Marshal Sawyer arrived from Carson City this morning and served the defendant with notice of the suit.

MISS ANNA BRADLEY has returned from Greeley, Colo., where she was taking the summer course.

THOMAS GIBBONS was a passenger last evening for the coast.

CLARENCE J. BYRNES expects to leave this evening for San Francisco.

CLARENCE KIND, of the Southern Nevada Abner company is expected to arrive with his wife tomorrow after spending a month motoring through the mountains and beaches of Janney & Co., left last night for Reno where he will enter the Mackay School of Mines.

ANNOUNCEMENT!

Pending the outcome of the present labor situation, we have decided to suspend our "public call" which has been held at 8:30 o'clock every evening. We are prompted to do this as the public mind is centered upon the strike situation and the uncertainty of its settlement and, therefore, are thinking more of their immediate necessities rather than speculation.

We believe the present labor dispute will soon be amicably settled. There is too much at stake for differences to exist long. The public call is a great success and under ordinary conditions Tonopah will make the quotations for New York and San Francisco.

We have come to Tonopah to stay; we believe the future of the Divide District is assured. No other mining district so far developed has shown such extensive high grade ore in so short a time.

Nevada from a mining standpoint is yet unknown and its possibilities prodigious.

We thank the public for their interest in our "public call" and assure them it will be resumed. Our San Francisco, New York, Philadelphia and Southern connections enable us to promptly execute your orders in all markets. We will continue to operate our brokerage department and will be in a position to give you service on your buying and selling orders unexcelled by other brokerage firms.
